Woolwich Twp. – The Kingsway Regional School District is pleased to announce a new partnership with Walgreen Pharmacies to host a COVID-19 vaccination site at Kingsway Regional Middle School for students who are 16 years or older. Vaccination dates will occur on Saturday, May 15 and Saturday, June 5.

This partnership provides a unique and convenient opportunity for all students, 16 years or older to be vaccinated. Parents/guardians who accompany their child will be required to provide consent and may obtain the vaccine themselves when they arrive for scheduled appointments. While the District will prioritize students who attend Kingsway, students 16 years or older from within the region are welcomed.

Walgreen Pharmacists and nurses will be on site to administer the Pfizer-BioNTech COVID-19 Vaccine. This is a two-dose vaccine, which is a messenger RNA (mRNA) vaccine that has both synthetic, or chemically produced, components and enzymatically produced components from naturally occurring substances such as proteins. The vaccine does not contain any live virus. To learn more about the Pfizer vaccine, click [HERE](#).
