- **Assessment:** To access additional assessment information for parents and student tutorials, click on the name of the assessment.
- **Tested Grades & Subjects:** Provides information about student populations for the assessment.
- **Testing Mode:** Refers to how the assessment will be administered to students. The two modes are computer-based and paper-and-pencil. Some computer-based assessments allow students to take the assessment using paper and pencil. Be sure to inquire about the options if your child has a medical issue that would not allow them to take the assessment on the computer.

- **Testing Window:** Period of time in which districts administer the assessment. It is not the actual number of days it takes a student to complete the assessment. School districts can choose the specific days within the window to administer the test. Please inquire with your district about the exact testing dates of the assessment.
- **Results Available** refers to the date districts receive individualized student results from the assessment. Click on the date to learn more about accessing results.
